We are on our way to becoming a cashless, checkless society, a trend that began with the credit card. Now some banks are

offering “debit cards” instead of credit cards. The costs of purchases made with these cards are deducted from the holder’s bank account instead of being added to a monthly bill. And checking accounts, which are mainly used for paying bills, are going electronic. Now some people can make computer transactions over their pushbutton phones to pay bills by transferring money from their account to the account of whomever they owe. Soon we may be able to conduct most of our business without signing a check or actually seeing the money we earn and spend.

18. Read the following paragraph and choose the best topic sentence from the four options that follow. Write the corresponding letter of your choice on the Answer Sheet.

Cutting down on your responsibilities is one way to minimize stress in your life. You can also relax yourself by breathing deeply, rather than taking light, shallow breaths. #### V. 划掉与段落内容无关的句子 (10 points, 5 points each)

20. Read the following paragraph and write the TWO irrelevant sentences on the Answer Sheet.

Studies reveal that people’s first names can have influence on them. Clearly, Chinese names are quite different. Some names reflect on people in a positive way. For example, one survey showed that American men consider the name *Susan* to be sexy.

And participants in a British study thought *Tony* to be the name of someone very friendly. However, other names can have a negative impact. In one study, for instance, teachers gave lower grades to essays supposedly written by boys named Hubert and Elmer than to the very same essays when they were credited to boys with more popular names. Another study found that girls with unpopular names did worse on IQ and achievement tests than girls with more appealing names. So IQ and achievement tests are important and necessary in studying names.

#### VI. 写信 (40 points)

21. Suppose you (Wang Lin) have finished your study, during which Professor Li helped you a lot both in your study and in your life. Write a letter to thank him. Tell him with examples that you have learned a lot from him in terms of knowledge and positive attitude towards difficulties. And also tell him that with what you have learned from him, you have got a good job in a company or you have started your own business. (150-200 words)
